

## Crestview Daycare

Crestview Daycare prioritizes the safety and well-being of all children. The focus on individualized planning by Qualified Educators, considering the children's interests and developmental needs, is a great approach to promoting holistic growth.

Dividing the students into Senior and Junior groups suggests a recognition of the different developmental stages and needs of children. This division allows for more targeted and age-appropriate activities, fostering a supportive environment for each child's unique journey.

Having pre-scheduled activities for each month, along with a weekly schedule, provides children with a sense of predictability and routine, which can be very beneficial for their overall development. Knowing what to expect each day can create a sense of security and help children feel more comfortable in their environment.

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
	1 Gym	2 Science	3 Social Games	4 Arts & Crafts	5 Gym	6

The designated Homework Period for the Senior Group is a great initiative, and the encouragement for those without homework to engage in quiet, constructive activities like reading, writing, drawing, or other quiet pursuits is commendable. This not only fosters a positive learning atmosphere but also helps children develop valuable skills and interest.

Outdoor play is crucial for physical health and overall well-being, so it is encouraged as often as the weather permits. It allows children to explore, engage with nature, and develop social skills through group activities.

For detailed information about the rules and regulation, please consult the Daycare Brochure.

For any other question, please do not hesitate to contact me, it would be my pleasure.
